PRESS COMMUNIQUÉ, DATED 15TH SEPTEMBER 1942.

The Madras Government 3 Per Cent Loan, 1955.

[Financial and Budgetary Position of the Government of Madras.]

Subscriptions will be received from 10 a.m. (Standard time) on 18th September 1942 only, at the branches of the Imperial Bank of India in the Province of Madras and at Bangalore, Trivandrum and Hyderabad (Deccan), and at the Treasury Pay Offices of the Imperial Bank of India at Anantapur, Chittoor, Kurnool and Tanjore, and at the offices of the Reserve Bank of India at Madras, Bombay, Calcutta and Delhi, for the Madras Government 3 Per Cent Loan, 1955. Full details as to the terms of the loan are contained in the Finance Department Notification No. 5 (L) W.M.-1/42, dated the 15th September 1942, published in the [extraordinary] issue of the *Fort St. George Gazette* of that date. In accordance with the Madras Government's established policy, the loan proceeds will be used only for a remunerative purpose. They will be wholly paid to the Central Government in part repayment of the Madras Government's consolidated debt to the Central Government mentioned in paragraph 2 below, which bears interest at 4½ per cent a year. The Central Government have agreed to accept the proceeds of this loan as an advance repayment towards this consolidated debt, which represents loans granted by the Central Government to finance remunerative capital expenditure in the Madras Presidency before the 1st April 1937.

When Japan began hostilities in December 1941, the market prices of Madras Government securities fell in sympathy with the general fall in the prices of all Government securities. With the return of greater confidence in the securities' market, the market prices of Madras Government securities again rose, and their prices compare favourably with those of other similar securities.

2. *Financial and Budgetary Position.*—The following review of the financial and budgetary position of the Government of Madras is published for the information of the investing public :—

The annual revenue of the Province is about Rs. 19 crores. Since 1925–26 the transactions on revenue account have produced a surplus every year except in 1930–31, the first year of the world-wide economic depression, and in 1936–37, due almost entirely to a special contribution from revenue to the Madras Famine Relief Fund for investment. The revenue surplus of 1940–41 was Rs. 52·76 lakhs, and the final accounts of 1941–42 show a substantial revenue surplus of about Rs. 87·96 lakhs. The Budget Estimates for 1942–43 anticipate a revenue surplus of Rs. 3·59 lakhs.

The interest-bearing debt of the Province at the end of 1941–42 consisted of the following items :—

(i) Rs. 725·92 lakhs, being the balance of the consolidated debt due to the Central Government. This is being repaid in half-yearly equated payments over a period of 45 years from 1937–38 with interest at 4½ per cent a year and involves an annual debt charge of about Rs. 39¼ lakhs ;

(ii) an unfunded debt (mainly Provident Fund balances) of Rs. 437·89 lakhs, involving an annual interest charge of about Rs. 16½ lakhs ;

(iii) Rs. 512·18 lakhs, representing the outstanding balances of the open market loans raised during the four years 1937 to 1940 for financing schemes of a productive capital nature and for relending to local bodies, agriculturists and others. The annual debt charges on these loans amount to about Rs. 42¾ lakhs made up as follows :—

(*a*) Interest of about Rs. 15¼ lakhs a year, and

(*b*) Provision for amortisation of the loans of about Rs. 27½ lakhs comprising (1) the annual contributions to the Depreciation Funds of the loans (at 1½ per cent of the total nominal value of the loans issued) amounting to about Rs. 8 lakhs, and

(2) a contribution which the Government have undertaken to make annually to a General Sinking Fund intended for the amortisation of the loans, for which about Rs. 19½ lakhs is provided in the budget for 1942-43. Owing to the favourable revenue position in 1941-42, the Government decided to make the contribution to the General Sinking Fund on a higher scale than in the past so that the accumulations in the Fund (allowing for betterment) would be sufficient, if continued on that scale, to repay in full the undischarged balance of the loans on the dates of maturity. Accordingly the excess contribution payable on this basis for all the loans from the years in which contribution was first made up to and including 1941-42 was paid in 1941-42. The contribution of Rs. 19½ lakhs provided for in the budget for 1942-43 is calculated on this revised basis.

The total interest-bearing debt and other obligations of the Province at the end of 1941-42 thus amounted to Rs. 16,79·24 lakhs or Rs. 16¾ crores in round figures, i.e., about Rs. 2½ crores less than the annual revenues of the Province. The total annual debt charges are about Rs. 98 lakhs. Of this about Rs. 14·13 lakhs (out of the provision for amortisation) is met from recoveries of principal on loans made by the Government to local bodies, agriculturists, etc., and about Rs. 22 lakhs is recovered as interest on such loans. The net debit to the Revenue Account for debt charges is thus about Rs. 62 lakhs, which is about 3¼ per cent of the annual revenue.

Against the total open market loans of the nominal value of Rs. 534·84 lakhs issued to the end of 1941-42, securities of the face value of Rs. 22·06 lakhs were purchased and cancelled up to the end of 1941-42, leaving an outstanding balance on 31st March 1942 of Rs. 512·18 lakhs. The total contributions made to the Loan Depreciation Funds and the General Sinking Fund to the end of 1941-42 were Rs. 75·73 lakhs, of which Rs. 22·19 lakhs were spent on the purchase of Madras Government securities of the face value of Rs. 22·06 lakhs, which were cancelled. Out of the accumulated balances in the General Sinking Fund a sum of Rs. 53·60 lakhs was invested in 1941-42 in the Government of India 3 per cent Loan, 1949-52 (Second Defence Loan) which will mature for payment before any of the Madras Government loans mature; interest of Rs. ·45 lakh accrued on this investment in 1941-42 and was credited to the Fund. The balance outstanding in the Loan Depreciation Funds and the General Sinking Fund on 31st March 1942 was Rs. 53·99 lakhs. The total amortisation provision made in the budget of 1942-43 for all the open market loans is Rs. 27·43 lakhs. The amounts accumulated up to the end of 1942-43 for amortisation of these loans including interest on investments (Rs. 1·60 lakhs) will thus be about Rs. 83 lakhs, or about 16¼ per cent of the outstanding balance.

The Government have guaranteed the debentures of the Madras Co-operative Central Land Mortgage Bank up to a maximum of Rs. 310 lakhs. The total amount guaranteed on this account and outstanding on 31st March 1942 was about Rs. 259 lakhs. A guarantee has been given in one other case up to a maximum of Rs. 10 lakhs, against which the amount outstanding on 31st March 1942 was about Rs. 6 lakhs.

The Government's total liability on the 31st March 1942 was about Rs. 24 crores. On the same date the Government owned remunerative assets valued at over Rs. 29 crores, including remunerative irrigation and electric works on which about Rs. 21¾ crores had been invested, and about Rs. 6½ crores due to the Government on account of principal of loans to local bodies, agriculturists, etc.

The Government's annual budget documents for 1942-43 (printed publications available at the Government Press, Madras) and the Finance Accounts, 1940-41, and the Audit Report, 1941 (available from the Finance Department of the Government of Madras on payment), give full detailed information as to the financial position of the Province.

THE STATISTICAL SUPPLEMENT

TO

THE FORT ST. GEORGE GAZETTE

No. 37-B] MADRAS, TUESDAY EVENING, SEPTEMBER 15, 1942

REPORTS ON CROPS.

Statistics—Crop—Groundnut—1942—Second report.

Summer crop—Area and yield.—The area under the summer or irrigated crop of groundnut in parts of the Madras Province during the five months—January to May 1942—is estimated at 30,700 acres as against 55,300 acres estimated for the corresponding period of last year, representing a decrease of 39·2 per cent. The decrease is due to (i) want of timely sowing rains, (ii) propaganda conducted to reduce the area under groundnut cultivation in the last season and (iii) the low price of groundnut at the time of sowing. The crop suffered from drought in some extent in Chingleput. The harvest of the crop is in progress. The yield per acre is expected to be normal in all districts except Chingleput. The total yield is estimated at 38,100 tons of unshelled nuts as against 80,000 tons estimated for the corresponding period of last year, representing a decrease of 30·9 per cent.

2 *Early crop—Area and yield.*—The area under the early crop of groundnut (mostly unirrigated) up to 25th July 1942 in the districts of Salem and Coimbatore is estimated at 141,000 acres. When compared with the area of 185,000 acres estimated for the corresponding period of last year, it reveals an increase of 34·3 per cent owing to favourable seasonal conditions. The yield per acre is expected to be normal in both the districts. The yield in these two districts is estimated at 70,500 tons of unshelled nuts as against 52, 00 tons estimated for the corresponding period of last year, representing the same increase as in the case of acreage, namely, 34·3 per cent.

3. The wholesale price of groundnut (unshing shelled) per Imperial maund of 82·2/7 lb (equivalent to 3,200 tolas) as reported from important market centres on 10th August 1942 was Rs. 7-12-0 in Vizianagram, Cuddapah and Vellore, Rs. 7-11-0 in Adoni, Rs. 7-8-0 in Vizagapatam and Guntakal, Rs. 7-7-0 in Guntur and Cuddalore, Rs. 7-6-0 in Nandyal, Rs. 7 in Salem and Rs 6-13-0 in Bellary. When compared with the prices published in last report, i.e., those which prevailed on 14th April 1942, these prices reveal a rise of approximately 78 per cent in Cuddapah, 63 per cent in Vellore, 53 per cent in Vizianagram, 62 per cent in Adoni, 51 per cent in Cuddalore, 66 per cent in Nandyal, 63 per cent in Guntur, 45 per cent in Bellary, and 62 per cent in Salem.

4. Figures by districts are given below :—

A RISE OF FOUR POINTS.

The cost of living index number for working classes in Madras City for August 1942 works out to 187 which is higher by four points than the index for the previous month.
